Dear Friends,

This is a short note to let you know that the launch of our capital campaign, which was planned for tomorrow, January 8, has been postponed.

Even though we are ready and extremely eager to share our launch video with you, we have been advised that postponing the press release and the release of the video would help maximize our media coverage.

We plan to launch as soon as we are advised to proceed. At that time, you will receive an update with a link to the video that we hope you will share with all your friends and interested contacts.

Thank you for your interest in the IDSDC project.

Happy New Year,
